Jon,

Yes, we will have the report, CV, etc.

We have the following additions to Dr. Kavalier's Exhibit B list of materials reviewed:

- 2016 Maher et al. Cochrane Review on the use of mesh for transvaginal repair (this is cited in her Funderburke report but we inadvertently left it off the Exhibit B list).
- Frankman, EA et al., Mesh Exposure and Associated Risk Factors in Women Undergoing Transvaginal Prolapse Repair with Mesh, Obstet. & Gyn. Int'l (2013)
- Osborn, DJ et al., Analysis of patient and technical factors associated with midurethral sling mesh exposure and perforation, Int. J. Urol. 2014 Nov; 21(11):1167-1170
- Ellington, DR & Richter, H., Indications, Contraindications, and Complications of Mesh in Surgical Treatment of Pelvic Organ Prolapse, Clin. Obstet. Gynecol. 2013 June;56(2):276-288
- Trial testimony of Piet Hinoul in Linda Gross v. Ethicon et al.
- Expert reports and testimony of Dr. Anne Weber in Gross and Budke cases

Thanks,
Maha
